Pyracantha

"VICTORY"

The latest creation in red berried *Pyracanthas*. Surpasses every known variety in size of berries, thickness of clusters and in the red brilliance of color.

It is a marvelous decorative plant for the winter months, when lack of color prevails in the nursery. It is the best decorative plant for Christmas. Berries mature late, showing their finest scarlet brilliance around the Holidays, when other *Pyracanthas* are already in the dull stage of over-ripeness. They are disliked by birds, and the plant is the most resistant to blight!
